Respected government leaders, ladies and gentlemen, Tao members:

I am pleased to welcome the honorable officials and all of the members who are participating in the inaugural convention.

The mission of the I-kuan Tao is simply to cater to the needs of people to deepen our spirituality, and experience personal transformation; to recognize the humanity of the other, and broaden our sense of community; and to live in harmony in the midst of diversity.

Our passionate ministry, which began two decades ago in San Francisco, New York and Los Angeles, has nurtured the thriving Westernized East Asian society. Our members in the States have taken part in world relief efforts with dedicated national and international contributions as follows:

- 1). 9-11 Terrorist Tragedy: Donation of \$48,000.00 in support of N.Y.P.D.'s program for widows and orphans and \$50,000.00 through Red Cross;
- 2). Tsunami in Asia—UNICEF: Donation of \$80,000.00 in support of United States Fund for UNICEF's program for the children and families affected by the tsunami;
- 3). Tsunami—UNOCHA: Donation of \$110,348.34 in support of UNOCHA's program for the restoration of areas affected by the tsunami disaster;
- 4). Tsunami—Sri Lanka: Donation of \$50,000.00 in support of Sri Lanka's program to rebuild an elementary school destroyed by the tsunami;
- 5). Hurricane Katrina: Donation of \$50,000.00 in support of City of New Orleans' program for the restoration of areas affected by the Hurricane Katrina;
- 6). Philippine Flood Disaster: Donation of \$30,000.00 in support of UN Staff Relief Committee for Philippines island of Leyte affected by the mudslide.

Ladies and gentlemen,

This inaugural convention to establish I-kuan Tao USA is to spearhead our efforts in these directions especially in USA and Mexico, where very happily the faith of Tao is flourishing, I visualize I-kuan Tao USA as a boat to fortify and spread out widely our well-directed and focused objective of serving humanity with love and compassion.

Our approach recognizes that all people are in need of loving care. It touches our heart and not just the intellect. Our faith and practice go beyond rituals to provide a life-changing encounter with Lau-mu, the Almighty.

Thank you!

**THE SPEECH FOR CEREMONY FOR
THE ESTABLISHMENT OF I-KUAN TAO USA**
**By Chairman Chang of the
World I-kuan Tao Headquarters**

Respected officials, ladies and gentlemen, Tao members:
Good afternoon!

I-kuan Tao is short for “The True inheritance of the Original Great Tao.” What I-kuan Tao has inherited is the real transmission of truth and rationality: that the Tao is real, the rationality is real, and the Heaven Decree is real.

Confucius said: “The Tao I follow is the one that unifies all.” The disciple Tsang agreed. But the other disciples asked: “What do his words means? Tsang said: “The doctrine of our teacher is to be true to the principles of our nature and the benevolent practice to others.”

Thanks to Great Master and Great Mistress’s blessing, World I-kuan Tao Headquarters was established at Los Angeles in1996. For many years, Joseph Chen carried the mission to spread the valuable teachings to local communities and residents. Because Joseph served in the cultural commission of City of El Monte and as chaplain of the police department, he is highly recognized and admired by the mainstream. After Joseph held successful fundraisers and gathered volunteers for 911 and 2004 tsunami crisis, he was applauded by Humanitarian Affairs of the United Nations, and US Fund for UNICEF. This is a realization of our Great Master and Great Mistress’s goal to spread I-kuan Tao around the world across the five continents!

With ten years of experience since the establishment of World I-kuan Tao Headquarters, we believe with God’s blessing and the recommendation of three leaders, he will continue to spread the teachings of I-kuan Tao to all states across America and let our lights reach the height of this century! My heartiest congratulations and best wishes.

Lastly, I wish you all an enlightened path!

THE SPEECH FOR THE CEREMONY FOR THE ESTABLISHMENT OF I-KUAN TAO USA

By Vice-Chairperson Chen of the
World I-Kuan Tao Headquarters

To Begin a New Mission

Thanks to the infinite and limitless grace of Heaven and virtues of the Masters, and appreciation to the great virtues of the Grand Senior Elder, the propagation of Tao in the United States has the unique blessings of Heaven. Further, thanks to the help from all holy spirits and from all immortals and bodhisattvas, countless miracles and holy revelations have helped competent individuals achieve growth. Every group and every branch of I-Kuan Tao has flourished in its development and is filled with able Tao members. This phenomenon proves the remark of the Holy Teacher from before: "Tao will be propagated all over the world in the future." In the seventy-some years during which the Patriarch and the Matriarch were bestowed the Heavenly Decree, not only Tao has been propagated all over the world, numerous nations have also given their affirmation and recognition of Tao. It is also special that in recent years, the application for the propagation of Tao in many countries has been granted. This evidence affirms the preciousness of "Tao is true, the Principles are true, and the Heavenly Decree is true."

To Continue the Heritage Eternally

As we hold the ceremony for the establishment of I-Kuan Tao USA today, we are especially aware of the significance of the great causes and conditions of the last salvation of the Three Realms. It has been said, "The holy mission of the last salvation of the Three Realms is a Heavenly task to be accomplished in the humanly world." The Holy Teacher has instructed, "The life of an individual is limited, but the spiritual heritage is infinite." This is the Holy Teacher's compassionate and magnificent hope and, more so, is the highest goal of our life. Therefore, not only the spiritual heritage of the Tao Society must be continued eternally, the right understanding and the right view for propagating Tao must also be continued eternally, as well as the right transmission and the right teachings. Thus, the spiritual heritage of the elder predecessors and the predecessors can be continued eternally.

To Develop Able Tao Members

In order to achieve the eternal continuation of the spiritual heritage, the first task is to develop able Tao members and to view the fulfillment of education in the Tao Society as

priority. The second task is to establish a strong administrative and communication system for the affairs of the organization, so that everyone can be of one purpose and can work together as a team. The third task is to realize the opportunities for everyone to be dedicated and to fulfill his or her vows and to accumulate merits, and as such, everyone will have something to do, and everything will have anyone to do. Therefore, it does not matter whether one is old or young, male or female, everyone can learn, cultivate, speak, and propagate in the Tao Society. There will be more and more able Tao members, and hence generation gaps will be avoided. Able Tao members will grow one wave after another, and then Tao can be propagated more widely. If this can be accomplished, then the great I-Kuan Tao will be transmitted forever.

To Be Involved in Society

With Tao as the essence and with teachings as the function; by making connections broadly and by educating without discrimination; and by being involved in society and by being among the people, thusly performing charity works to help the world and to save people is the mission of the Patriarch and the Matriarch. Every director and every supervisor is selected by the predecessor of each group and branch, and each excellent candidate has a passion for service. Everyone must work together as a team without division and perform the organization's function of service. Everyone should extend the virtues of the Patriarch and the Matriarch and should obtain honors for the predecessors, thus making the affairs of I-Kuan Tao USA thrive. All of the directors and supervisors have great affinities, once you have the high positions, you must manifest Tao personally, influence others with goodness, and provide guidance for the living beings. As such, the spiritual heritage of the Tao Society can continue forever.

Transmitting masters, lecturers, and temples hosts, after the establishment of I-Kuan Tao USA, everyone must work together as a team in cooperation and harmony, thus creating a new atmosphere in the Tao Society, and thereby help the country and society, and thereby manifest the saintly virtues of the Patriarch and the Matriarch to the infinite future.

Finally, wish a successful completion of the Ceremony.

**THE SPEECH FOR CEREMONY FOR
THE ESTABLISHMENT OF I-KUAN TAO USA
By Vice-Chairman Kao of the
World I-kuan Tao Headquarters**

Honorable government officials, ladies and gentlemen, Tao members:

I really do feel sorry and regret my inability to attend personally the special event of the establishment of the world I-Kuan Tao USA due to my health concern. Tao members have devoted themselves to advocating Tao worldwide and establishing branch organizations in many nations. I hereby express my sincere gratitude to the Secretary General Chen for active and efficient planning and for seeking and obtaining assistance from members of different branches. Thank you all for your dedication and persistent efforts.

The purposes of the I-Kuan Tao are: to recover the nature of true self; to continually develop one's innate wisdom and natural abilities until perfection is achieved; to establish and reach one's own goals and to help others do so; and to transform the world into a peaceful, honest, and orderly society. America is a highly civilized nation with the highest level of development in science and technology including Information Technology. Therefore, the establishment of the I-Kuan Tao USA will surely build a sound foundation and well advocate the purposes of the I-Kuan Tao through the operation and promotion of this organization.

With the establishment of the I-Kuan Tao USA, I hope everyone from different branches can unite together and fully support the organization under the leadership of the Chairman, Dr. Joseph Chen and other board members. For the development of Tao, the social influences, and the continuation of Tao, we have to advocate Tao. This is the mission for everyone.

Wishing a successful meeting and good health to everyone!
